IRIS SOLEDAD

**S. S. BERRY,** 1145 West Highland Ave.  
1933-34 REDLANDS, CAL.

## FOREWORD

Unavoidable delay in the preparation of our little catalogue this year has decided us to issue at this time a folder with revised prices which is little more than a price-list, omitting descriptions of all save a few of the newer and less well-known items. This does not mean any wavering in the standard of our offerings—quite the reverse in fact. In quality this is the finest list we have ever offered, while an appreciable number of the best things in it are to be found in no other catalogue. For more descriptive notes those interested are referred to our previous catalogues, copies of which are to be had for the asking as long as our supply lasts.

Attention is particularly called to the beautiful varieties herein offered publicly for the first time. One of these is the charming **Calinda** originated by Mr. F. E. Reibold, of Pasadena, through whose friendly courtesy we are enabled to list it and meet the desires of those who have seen and coveted it. The other two 1933 introductions, **Brocade** and **Olympic**, are current fruit of our own long work in breeding and are warmly commended to your consideration.

## TERMS

Cash with order or reference's.

Fulfillment of orders subject to stock on hand.

Prices are for strong, single rhizomes. We offer no guaranty except to do our best, but should we make mistakes we cheerfully do our best to correct them.

Paid orders to the value of \$5 or over are sent carriage free to any part of the United States, but where customer includes allowance for postage with order, extra plants will be sent to cover same.

Orders for plants when accompanied by cash, except in the case of scarce novelties or

special collections, are privileged to an additional selection of plants as follows:

Orders of \$10 to \$25 entitled to 5% additional  
 Orders of \$25 to \$50 entitled to 10% additional  
 Orders of \$50 or over entitled to 15% additional

Customers in California will kindly add 2½% of the amount of their order for sales tax.

### For Immediate Garden Effect

We strongly recommend planting in groups of 3 or 4 rhizomes of a kind. Such a number may often be supplied at an appreciable reduction from the regular per unit price.

### IRIS COLLECTIONS

Special collections to suit any requirement will be gladly made up at very reasonable prices for those desiring them. If in doubt as to what varieties to select this is both a satisfactory and economical way to equip your garden.

## NO LONGER TO BE LISTED

The following irises have been eliminated from our plantings since our last list and will no longer be stocked.

Alabama	Juno (Spuria)
Alcazar	Leota
Argonaut	Lustre
Chief	Mauvine
Chlorinda	Milos
Ena Bralliar	Onyx
Firefall	Padusoy
Flavesard	Sarabande
Folkwang	Schwanhilde

Golden Glory	Terias
Knight Errant	Torpilleur
Hesperis	Tristram
Hyperion	Uncle Remus
John Waterer	Wexham

## SPECIAL NOTE

Our garden is not a large one, nor grandly landscaped, but it contains its quota of interesting plants, and those who will but remember that it is simply a horticultural workshop and do not expect too much of it otherwise are always welcome visitors. In addition to our irises we have an exceptionally fine collection of daffodils totaling at present almost 500 varieties, various species of Moraea and Nerine, a very fair assortment of freesias and Hemerocallis, and divers odds and ends in small bulbs, rock plants, peonies and other perennials. Late spring and early summer, and again the fall are in general the most favorable times to secure stock for planting, but to view the flowers our spring months are best, February and March for daffodils, April and May for irises. Those coming from out of town may appreciate the final reminder that Redlands in rose and orange-blossom time is a sight worthy a far journey to see.

## NOTES

## NOTES

## IN TIME OF DEPRESSION

"We who believe that the garden affords the best possible restorative mechanism to worn humanity want that agency to have its fullest usefulness now. The garden advantages gained because there is more time for the garden are never wholly lost, and even a boom will not dissipate these advantages. So I write in the hope that others who read . . . will open their gardens fully, will nurture them thoughtfully, and will thus give that best aid to the depression difficulty which comes from contemplation of and working with the things that God has caused to grow on and in this fair land."

J. Horace McFarland,  
In HORTICULTURE

This is one of the few American magazines which has maintained and even elevated its standards through all these recent trying years of popular madness. If you do not know it, you should make its acquaintance. If you do not have it, you should get it—bi-monthly, and only \$1 a year. Address HORTICULTURE, Horticultural Hall, Boston, Mass.

And then while you are at it, join

## *The American Iris Society*

It publishes four bulletins a year and brings to its members all the latest news about Iris, their culture, development and history. It will help you enjoy your garden more, and will prevent your making many mistakes.

Membership is \$3.00 a year. The money may be sent to us or directly to the Secretary of the Society, Mr. J. B. Wallace, Jr., 129 Church Street, New Haven, Conn.

Include these two subscriptions with your order and we will send you a dollar iris free as an extra.
